Memoundime For Queito, FAS Subject: "Waterpate" Survey

An Economic and Scientific bursine has polled ato members regarding any contact with individuals known or suspected to be involved in "Haterpate", or any knowledge or files they may have reperding the mesure of intelligence resoneces in the context of Waterpate. This survey was taken between 10 april and 10 may 1974.

"Waltegate" related personnel, nor any reasons why their might have been contact no files without the hirsing were empilered likely to contain "Valuation" related material. Because both of these parts of the survey failed to turn up any evidence related to "Waltegate", we did not bother to contact any former ESD employees concerning this matter.
